SUMMARY

Motivated MCA graduate with solid skills in full-stack development using Java, Spring Boot, React.js, and Angular. Experienced in building scalable applications, RESTful APIs, and managing databases with Spring Data JPA. Proficient in version control and secure coding. Passionate about clean code and agile teamwork, eager to contribute technical expertise and solve problems effectively.

EDUCATION

Swarnandhra college of engineering and technology　　　　　　　　　　　Narsapur, AP
Master of Computer Applications　　　　　　　　　　　　　　　　　　*Aug. 2022 – June 2024*

Aditya degree college　　　　　　　　　　　　　　　　　　　　　　　Palakollu,AP
Bachelor of Science　　　　　　　　　　　　　　　　　　　　　　*June. 2018 – Aug. 2021*

PROJECTS

Fitness App | *ReactJS, RapidAPI, Firabase, Tailwind, Git,Github, Vercel*
- Developed a web application using REST API with React as the frontend
- Implemented Firabase OAuth to get data from user's repositories
- Used Git, GitHub for version control and efficient project management during development
- Deployed the application seamlessly using Vercel for real-time previews and CI/CD
- Styled the frontend using Tailwind CSS for fast and responsive UI design

MyChatBot | *Angular, Gemini REST API, Tailwind, Netlify*
- Developed a responsive AI chatbot application using Angular for the frontend and Tailwind CSS for styling
- Integrated Gemini APIs via Angular's HTTP Client to enable real-time conversational AI features
- Ensured modularity and state management using Angular components and services for smooth user interaction
- Deployed the application using Netlify and managed code versioning through Git, GitHub

Employee Management System | *Java, SpringBoot, ReactJs, Maven, PostMan*
- Developed a full-stack Employee Management System using Spring Boot (REST APIs) and React.js with seamless CRUD operations
- Designed a layered backend architecture (Controller–Service–Repository) using Spring Data JPA and Hibernate for clean, modular development
- Integrated MySQL for persistent storage with proper entity mapping and relationship handling
- Built a responsive React UI using Hooks and Axios, ensuring smooth frontend-backend communication
- Followed best practices including CORS configuration, form validation, exception handling, and secure REST API design with clear and consistent error handling

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, TypeScript, HTML, CSS
Frameworks: Spring , Spring Boot, Spring Boot Data JPA, Spring Boot MVC, RESTful WebServices, Spring Boot Security, Microservices Architecture, React, Angular, Bootstrap, Tailwind
DataBases: Oracle, MySQL, MongoDB
Developer Tools: Tomcat ,Git, GitHub, VS Code, Eclipse, Maven ,Postman, Swagger UI, Docker
Libraries/APIs: JDBC, Servlet, Multithreading, Collections, Streams, Exception Handling, JUnit, Mockito

Certification

- Java Course by Intellipat.

- Full Stack Java at Naresh i Technology
